

Eco Friendly Pet Products for Reptiles, Birds & Amphibians

Quality Coir International (Pvt) Limited is a leading manufacturer and exporter of coir fibre and coconut fibre based products in Sri Lanka.

We manufacture and export high quality coir products in an environmental friendly manner to suit the needs of our customers. We have been known for providing an excellent service and attention to detail.

Our pet products are 100% organic and user friendly to build a natural, eco-friendly

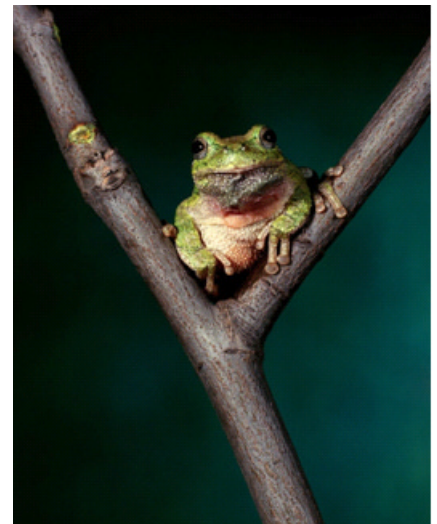

environment making your pets feel at home. They also promote breeding and resist mildew.

Our Coco Backgrounds are free of toxic substances and are ideal climbing backwalls for little species of reptiles. They can be used as base for a planting background.

We have the expertise of custom designing products according to the diverse needs of our customers and facilitating any special packaging

needs wherever necessary.
